

## REGROOVING STAND

- > This stand allows an easy and speedy regrooving of all truck tyres.
- > Rotation of the tyre one way only.
- > Assembling / disassembling without any tool in a few seconds.
- > Very reliable device.

## BLADES

- > Very high quality due to our exclusive double sharpening system on a specific steel.
- > Each size comes in a box of 20 blades.
- > Only the C6 size ( 20-28mm ), especially developed for Off Road tyres and heavy equipments, comes in a box of 10 units.
